ACCEPTABLE FILE FORMATS

Shepard uses the most current version of Adobe Creative Cloud. If providing native files from another version, please provide an .idml file.

Program	File Extension	Special Considerations
Adobe Acrobat	.pdf	Create using a high-quality output.*
Adobe Illustrator	.ai, .eps	Vector artwork. Images embedded and fonts changed to outlines** or a packaged file.
Adobe InDesign	.indd, .idml	Fonts changed to outlines** or a packaged file.
Adobe Photoshop	.tiff, .psd, .eps	Raster artwork. File should be in CMYK color space.

WE DO NOT ACCEPT: Microsoft® Word®, Excel®, or PowerPoint® files for artwork/graphics.

FONTS

If creating artwork in Adobe® InDesign® or Illustrator® there are two options when supplying fonts. Supply us with PC format TTF fonts. Change fonts to outlines. This prevents font substitution through layout and production. REMEMBER: if creating outlines, text is no longer editable.

Package the fonts from InDesign or Illustrator (File → Package → Check “Copy Fonts”) and submit with your artwork.

ARTWORK GUIDELINES

Document Size & Specs

All artwork should be created at 100% size at 150 dpi or in a proportionally scaled down format (ex. 50% at 300 dpi or 25% at 600dpi). NOTE: Mark artwork to the dimensions it is sized to if not 100%. All content should be kept within the live area, leave approximately 2" all the way around artwork to ensure sign holder or structure metal does not cut off content.

COLOR

All artwork should be created/supplied in the CMYK color space. Please provide Pantone® colors/HEX code if we need to match a specific color during the printing process. All PMS colors should be converted to CMYK Process Color in the artwork. NOTE: Converting color from RGB to CMYK will change the vibrancy and the look of some effects, DO NOT design artwork in RGB. Colors may vary due to output devices.

ARTWORK FILE TYPES & RESOLUTION

Artwork can be created in several ways. Here are some things to consider.

Vector

Vector-based artwork is resolution independent and can be enlarged or reduced without loss of quality. This is the preferred file type and is most often created in Adobe Illustrator and used for creation of logos and clip art.

Raster

This type of file is resolution dependent and will reproduce poorly if the appropriate file resolution is not supplied. If you supply raster art, it is best to save your artwork in a 1 to 1 (full size) output ratio at 150dpi or higher. Lower resolutions (1MB or smaller) will result in reduced image quality. File size should not exceed 200MB (if possible). Raster images are most often created in Adobe Photoshop® and is most often used for photographic images.

Resolution

Artwork should be 150dpi at 100% scale or 300dpi at half size. This will ensure the artwork remains high resolution when printed at full size. See samples below.

Structural Integrity Statement

Atlanta Boat Show

Georgia World Congress Center - Atlanta, GA

January 16 - 19, 2020

Deadline: Thursday, December 26, 2019

Event Code:	G121960120
email	atlanta@shepardes.com
phone	(404) 720-8600
fax	(404) 720-8755

This form must be completed for all suspended structures. Please include the completed form with your hanging sign order forms.

As the contracted exhibitor, the display house or builder for the below exhibitor, I do hereby certify and guarantee that the stress points for the hanging structure have been properly engineered and tested. We further certify that the structure can be hung safely and has been constructed to meet all applicable regulations and safety measures. We hereby release, indemnify and forever hold harmless the following:

**Atlanta Boat Show
Georgia World Congress Center
Shepard Exposition Services**

along with their subsidiaries, their directors, officers, employees, representatives, agents and contractors from and against any and all liability, claims, damage, loss, fines, or penalties arising from the installation, use or dismantling of this structure. All hang points supporting in excess of 200 lbs. may be verified (metered) on site at the exhibitor's expense.

Things to Know!

All signs must be designed to comply with Show Organizer rules and regulations and facility limitations.

Shepard is responsible for **assembly, installation, and removal** of all hanging signs, overhead truss, attachment and removal of light fixtures for truss and lights, as well as any additional installation required for chain motors, span sets or other packages.

Only Shepard personnel are allowed in aerial lifts or operate mechanical equipment.

Only Shepard certified riggers can install and remove any and all hanging materials that will be flown overhead.

All signs, with the exception of banners, must have structural rigging points and signs exceeding 200 pounds must **include detailed construction plans** with a current structural engineer's stamp. Send these plans to Customer Service in advance of the first day of move in.

Include engineer-stamped drawings with hanging instructions as well as a set of assembly instructions (placement/orientation/height from floor) with the order. Shepard accepts no liability for any work completed without such instructions, when required.

If your sign requires electricity, make sure it is in working order and in accordance with the National Electric Code. Overhead Signs should be sent in a separate container directly to the **advance warehouse** using the **Advance Hanging Sign Shipping Label**.

Additional charges may be applied by Shepard due to regulations at the facility, weight limits, union jurisdictions, facility contracts, and in house providers. Including but not limited to: spanner truss for load points, additional labor for power and/or lighting specifics, additional materials, facility pick point ceiling fees, facility and/or in house exclusive labor charges, etc.

Hanging Sign Checklist

- Complete and Submit Payment Authorization Form
- Order Assembly labor to have your sign built by Shepard Certified Riggers
- Order Rigging Install and Removal labor for all Hanging Signs, Truss and Motors
- Order necessary Chain Motors, Rotating Motors and Truss
- Place electrical orders (if necessary)
- Submit Diagrams with orientation, dimensions and placement for ALL materials that will be flown overhead.
- Package Hanging Sign(s) in a separate container from exhibit materials
- Label Hanging Sign(s) using the Hanging Sign Shipping Label from this service manual
- Ship Hanging Sign(s) to the Advance Warehouse by: **Wednesday, January 8, 2020**
