### Introduction to Sailing

Ever wonder what the sport and recreation of sailing is all about? This session demystifies the elements of sailing in a fun and informative format as attendees pick and choose among topics such as Rules of The Road, Points of Sail and the Theory of Lift.

### Celestial Navigation

Join a humorous and enchanting high-level discussion of the history as well as current use of navigation utilizing the stars, planets, sun and the moon. Following the presentation there will be a brief hands-on lab using actual Sextants.

### Chartering Tips & Tricks

Not sure what Sailing Bareboat Chartering is all about? Bring all your questions and curiosity to gain critical insight necessary to ensure your first Bareboat Charter excursion is memorable for all the right reasons!
